Company:

Aquastone Graphix LLC (dba), Aquastone Graphics & Print LLC, is a Connecticut-based business that was founded in 2006. We provide design, dynamic web development, and commercial print products for government agencies and business of all sizes.

What makes Aquastone distinct is our original style of custom graphic arts and printing. Aquastone pride itself in being collaborative, responsive, intelligent, reliable, business savvy, having creative vision, and a great find for small businesses.

Company Principal:

Dyshann Anderson has more than a decade of business experience working with design and print media. Before owning Aquastone, he was a recent graduate of Savannah College of Art and Design.
